Beautiful weather (clear and temperatures mostly in the 60's) seemed to quiet some of the conversations (i.e. whining) about excessive course length at the third annual BT50K. Steve Godale nipped Terry Hawk for the victory at this fun run while Irene Weston was the first and only female finisher.

Thanks to Leo Lightner for helping to mark the course and to the NEODeads (NorthEast Ohio Dead Runners) and some out-of-town Deads for once again manning the aid stations.

Joe Jurczyk (R.D.)
